### ***PCS1 Selects Covad For Its Bundled Voice and Data Service***

North Hollywood, September 09, 2004

North Hollywood, CA (September 9, 2004) Covad Communications Group, Inc and PCS1 today announced an agreement to enable PCS1 to bundle Covad's DSL broadband services with its local and long-distance voice services to both consumers and businesses.

Utilizing line splitting-PCS1 buys the local loop from SBC and bundles its local and long distance services with Covad's DSL services. "Covad is an integral piece of our strategy to realize the true voice and data convergence that our emerging VoIP services will bring to current and future PCS1 customers," says Josh Ploude, CTO of PCS1. "Covad's national footprint will give PCS1 the last mile broadband footprint and breadth of services that are unparalleled in the industry and will ensure competitive access for PCS1 residential and business customers."

#### **About Covad**

Covad is a leading nationwide provider of integrated voice and data communications. Covad broadband services are currently available across the nation in 44 states and 235 MSA's and can be purchased by more than 57 million homes and businesses, which represent over 50% of all US home and businesses. Their web address is [www.covad.com](http://www.covad.com)

#### **About PCS1**

PCS1, formerly Pacific Centrex Services, is a privately held, full-service telecommunications provider and manager of state-of-the-art Centrex-based telecommunications services. The Company provides small and medium-sized business customers in California with significant cost savings on high-quality local and long distance services, including value-added services such as voice messaging and ISDN/DSL Internet access.
